## Jag Dhandra

Jag Dhandra is a Consultant Maxillofacial/ Head and Neck surgeon based East Grinstead in the UK. He is a specialist in Head and Neck microvascular reconstruction and Kent Surrey Sussex Head Neck Research Lead. He is also an Honorary Senior Lecturer Imperial College London and Honorary Clinical Reader Brighton and Sussex Medical School. This year, he won the Presidents Prize at the British Association of Oral and Maxillofacial Surgeons for making significant contributions to the development of Oral and Maxillofacial Surgery, through research and clinical work.

## Juan Rey Biel

Juan Rey Biel is Head of the OMFS department in three public hospitals in Madrid. He only understands everything around him as a team work, learning from one another, and focusing on the positive points that help us to try to improve things. He has a passion for teaching and has been a Clinical Assistant Lecturer at the University Autonoma of Madrid. He currently sits as an Honorary Professor at the School of Medicine, Rey Juan Carlos University in Madrid. He always goes by the saying "think first on the one in front of you rather than yourself". Professionally he has a passion for trauma, orthognathics and head and neck recons, especially trying to teach and learn from others.
